Basecamp (7<sup>th</sup> graders will find out on the first day of school.)

**Vista Off-Campus Trip Permission Slip 2011-2012**

Over the course of the school year, Vista students will be completing work that will take them off school grounds. During some of their core classes and/or basecamp classes on Friday hikes, they will be visiting different areas, streams, or other bodies of water to conduct nature observations, water testing, area mapping and other possible projects that cannot all be completed on Kingswood property. All of these field trips will be conducted in their class group, advisory or other small study groups, and they will always be supervised by a Vista teacher or parent.

I give my son/daughter \_\_\_\_\_  
permission to go with the Vista Team on any local field trip to conduct their necessary studies for the 2011-2012 school year.
