

## 5 Elements of Fiction

—setting: time & place of a story.

utopia  
dystopian  
distopian

science fiction/dystopian fiction  
genre of speculative fiction

—plot: sequence of cause & effect events.

—character:

—theme: what the author wants the reader to think about.

—point of view: type of narration

---

•Every story has the 5 elements.

Narrative Poetry: a poem that tells a story—elements of fiction and elements of poetry  
(story)

(an adjective because it is describing the noun, poetry)

What is a noun suffix?

narrator: one who tells the story.

narration, -tion make it a noun suffix

- **Notes given by Mrs. Peterson may have included drawings—see someone that was here in class for that part of the notes.**
- **These notes were given in the morning and afternoon rotations; notes may vary slightly. It is always wise to see a reliable friend and view their in-class notes.**
