June 2014 Spring Trip Survey

Please fill out the survey below honestly and completely. Your responses will help us to assign you to the most appropriate hiking group, and create the most exciting possible trip for each of you to wrap up Vista's year. Groups going to the same huts will take different trails. This will reduce congestion and impact on the trail. All trails have both easy and somewhat challenging sections and have a variety of natural phenomena (alpine gardens, waterfalls, views). You will hike with an adult from KRMS and an AMC person.

I would characterize my hiking ability as

A tortoise (slow but steady)

A red squirrel (fast spurts with some needed stops but able to reach the top of the tree)

A mountain goat (fit and steady, psyched to hike)

Place a checkmark next to the options that you feel you can handle.

Option 1—Easy Hike: Zealand Falls Hut or Lonesome Lake Hut for two nights

Option 2—Moderate Hike: Carter Notch Hut for two nights

Option 3—Moderate Hike: Mizpah Spring Hut for two nights

Option 4—Moderate Hike: Greenleaf Hut for two nights

Option 5—Most Difficult Hike: Madison Spring Hut for two nights

Option 6—Most Difficult Hike: Lakes of the Clouds Hut to Mizpah Hut/Mizpah to Lakes

Option 7—Most Difficult Hike: Galehead Hut for two nights

Please explain your preference and talk about your experiences on fall overnight, Mount Roberts Trip, weekly Friday hikes, results on fitness tests or other adventures that might support your preferences. **There's room to write on the backside. Your justification on the back is weighed heavily in placing you on a trip. However, several other important factors weigh heavily in determining your placement on the spring trip: 1. your readiness with the 10 essentials on Friday hikes; 2. your hiking ability each and every Friday especially on extended hikes; 3. you meeting all the deadlines on paperwork and gear checks.**
